AIRFRANCE

Air France is a major transport player, promoting and highlighting France throughout the world since 1933 across passenger and cargo transportation and aeronautical maintenance.

Air France has set itself ambitious sustainable development targets and is working to support projects that absorb and store carbon from the atmosphere in natural carbon sinks. The company is committed to reducing its CO2 emissions per passenger-km by 30% in 2030 vs 2019, supported by major investments in new-generation, more fuel-efficient aircraft, increased use of Sustainable Aviation Fuel and eco-piloting.

Air France, KLM Royal Dutch Airlines and Transavia make up the Air France-KLM Group with its powerful hubs at Paris-Charles de Gaulle and Amsterdam-Schiphol offering a vast international network.
